area dimension/mm					
Floor	Car No.	width of the area	length of the area	height of the area	width of foundation pit
B1FL	01~09	7500	5500	5450	4000

car plate dimension /mm				
Car No.	clear width of car plate	total width of car plate	total length of upper car plate	total length of bottom car plate
01~09	2000	2400	5500	5075

car dimension /mm					
car floor	total length of the car	total width of the car	total length of the car	total height of the car	total weight of the car
top	1850	2000	5300	1550	2200Kg
middle	1850	2000	5300	1700	2200Kg
bottom	1850	2000	5300	1700	2200Kg

Double Cylinder Lifting Sliding Car Parking System	
lifting speed	3.3M/min
hydraulic cylinder	ø80X2 pcs
main lifting column	H-300X150X6/9t
side beam of car plate	L-4t bending steel
waved plate for car plate	2tX60H
way to control	PLC programmable controller
Operation Mode	card
hydraulic machine	10HP-oil immersed type
power	AC220V/380V-3ø-60Hz
